

# WELCOME TO SCHNAUZER & BEAGLE BREWERY

**Vienna**

## **Our Brewery**

The heart and soul of Schnauzer & Beagle, we are passionate about making great tasting, full flavour beer by utilising high quality ingredients.

The small batch size of our brewery allows us to produce several standard brews as well as a of variety speciality beers that will rotate.

Our focus is on sustainable, local sourced ingredients/food (where possible). We aim to minimise waste by utilising philosophies such as “root to leaf”.

We are hoping you have a great time at our brewery and enjoy our beers and food as much as we do!

**All courses can also be booked as private events for Birthdays, Stags, Corporate Events etc.**

### **Brewing Classes**

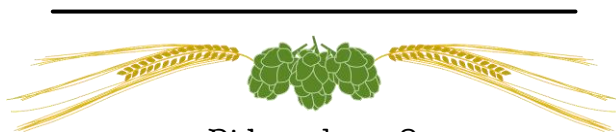

Not only do we brew beer, but we are also happy to teach you! If you have always wanted to know how grain becomes beer, then this is the course for you. This hands-on workshop is suitable for all beer lovers, who want to start brewing at home. 189.00 € pp.; 6 - 8 h

### **Food Pairing**

Not only will you gain an insight into the exciting world of food pairing and the different beer styles, but you will also be able to indulge your palate with various delicacies and beer combinations. 95.00 € pp., 3-4 h, including brewery tour

### **Beer Tastings**

If you want to immerse yourself more in the world of beer and have always wanted to learn all about the differences between the different types of beer, then this beer seminar is just right for you. 49.00 € pp., ca. 2h minimum 8 beers, including brewery tour

Did you know?

Only the female hop blossom is used for beer production.

The bitter substances in hops are extremely healthy, e.g. they have an anti-inflammatory

# Homemade Kombucha

	0,3 L	0,5 L
Kombucha Soda	3,60	4,80
Ginger Kombucha Soda	3,70	5,20

Kombucha is a **naturally fermented tea-based** refreshing drink. We use only the best ingredients for our Kombucha, **Bio- Darjeeling 1 st Flush** from Sonnentor and Austrian sugar.

Since kombucha is a fermented drink, the alcohol content can vary (0.1 - 2%).

The fermented tea drink is not pasteurized or heated for good reason, as this preserves the numerous nutrients and bacterial cultures.

# *Transparency & Quality*

... are especially important to us because it matters what we eat and where our food comes from.

Thus, all our dishes use only **organic eggs**, **organic milk**, and **Austrian meat** (birth, rearing & slaughter). For our pies & sausage rolls, we only use **organic meat** from Austria. We try to source all our dairy products in organic quality as much as possible.

We source our food from the following producers, among others:

## **Flour – *Haindl Mühle* - Kalsdorf near Graz ...**

A family business from Styria.

*“We believe in the power of nature. And that it tastes best when unadulterated. That’s why we only use the best products from surrounding farmers and producers, with whom we work based on fair contractual partnerships. And because we want nature to remain as it is, we produce our products 100% CO2-neutral using our own hydropower and place great emphasis on sustainable packaging.”*

## **Meat – *Norwaldhof* - Großpertholz**

A family business since 1800.

*“Since 1980, the Bauer family has been working organically in cooperation with 3 organic farmers, delivering excellent quality.”*

We source the **meat** as well as **cheeses and cured meats** for our snack platters via **Bio Mio, Sonnwendviertel, Vienna**.

*"Bio Mio sees itself as a direct link between farmers and customers. The direct contact with both is important and is meant to contribute a little to helping small-scale, organic farms sell their quality products in the city."*

### **Olive Oil – CrowdFarming - Spain**

Through CrowdFarming, we adopted an olive tree and now receive a delivery once a year. By the way, the tree is named after our old beagle's nickname, Nutty.

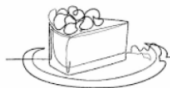

### **Coffee Beans – Kaffeefabrik / Vienna**

Organically grown / fairly & directly traded / freshly & locally roasted in the 11th district.

**We believe ...** Food & Beer
